

Third Quarter 2013 Earnings Call November 20, 2013

### Forward Looking Language

This document includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Act"). Statements of the Company's expectations for sales growth, comparable sales, earnings and performance, shareholder value, capital expenditures, cash flows, the housing market, the home improvement industry, demand for services, share repurchases, the Company's strategic initiatives and any statement of an assumption underlying any of the foregoing, constitute "forward-looking statements" under the Act. Although we believe that the expectations, opinions, projections, and comments reflected in these forward-looking statements are reasonable, we can give no assurance that such statements will prove to be correct. A wide variety of potential risks, uncertainties, and other factors could materially affect our ability to achieve the results either expressed or implied by our forward-looking statements including, but not limited to, changes in general economic conditions, such as continued high rates of unemployment, interest rate and currency fluctuations, higher fuel and other energy costs, slower growth in personal income, changes in consumer spending, changes in the rate of housing turnover, the availability and increasing regulation of consumer credit and of mortgage financing, inflation or deflation of commodity prices, and other factors which can negatively affect our customers, as well as our ability to: (i) respond to adverse trends in the housing industry, such as the psychological effects of lower home prices, and in the level of repairs, remodeling, and additions to existing homes, as well as a general reduction in commercial building activity; (ii) secure, develop, and otherwise implement new technologies and processes designed to enhance our efficiency and competitiveness; (iii) attract, train, and retain highly-qualified associates; (iv) manage our business effectively as we adapt our traditional operating model to meet the changing expectations of our customers; (v) maintain, improve, upgrade and protect our critical information systems; (vi) respond to fluctuations in the prices and availability of services, supplies, and products; (vii) respond to the growth and impact of competition; (viii) address changes in existing or new laws or regulations that affect consumer credit, employment/labor, trade, product safety, transportation/logistics, energy costs, health care, tax or environmental issues; and (ix) respond to unanticipated weather conditions that could adversely affect sales. In addition, we could experience additional impairment losses if the actual results of our operating stores are not consistent with the assumptions and judgments we have made in estimating future cash flows and determining asset fair values. For more information about these and other risks and uncertainties that we are exposed to, you should read the "Risk Factors" and "Critical Accounting Policies and Estimates" included in our Annual Report on Form 10-K to the United States Securities and Exchange Commission (the "SEC") and the description of material changes therein or updated version thereof, if any, included in our Quarterly Reports on Form 10-Q.

The forward-looking statements contained in this document are based upon data available as of the date of the 3rd quarter release or other specified date and speak only as of such date. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf about any of the matters covered in this release are qualified by these cautionary statements and the "Risk Factors" included in our Annual Report on Form 10-K to the SEC and the description of material changes, if any, therein included in our Quarterly Reports on Form 10-Q. We expressly disclaim any obligation to update or revise any forward-looking statement, whether as a result of new information, change in circumstances, future events, or otherwise.

## Non-GAAP Financial Measures

Management is using non-GAAP financial measures in this presentation because it considers them to be important supplemental measures of the Company's performance. Management also believes that these non-GAAP financial measures provide additional insight for analysts and investors in evaluating the Company's financial and operating performance. Non-GAAP financial measures should be considered in addition to, not as a substitute for, net income, total debt or other financial measures prepared in accordance with GAAP. The Company's methods of determining these non-GAAP financial measures may differ from the methods used by other companies for these or similar non-GAAP financial measures. Accordingly, these non-GAAP financial measures may not be comparable to measures used by other companies.

Pursuant to the requirements of SEC Regulation G, detailed reconciliations between the Company's GAAP and non-GAAP financial results were posted, by incorporation within the appendix to this presentation, on the Company's Investor Relations website at <a href="https://www.Lowes.com/investor">www.Lowes.com/investor</a> on the day the Company's operating and financial results were announced for the quarter ended November 1, 2013 and management presented certain non-GAAP financial measures during a conference call with analysts and investors. Investors are advised to carefully review and consider this information as well as the GAAP financial results that are disclosed in the Company's earnings releases and annual and quarterly SEC filings.

.

# Third Quarter Highlights

Comp Sales	+6.2%
Gross Margin	34.58%, +26 bps
SG&A	24.56%, -47 bps
EBIT Margin	7.14%, +93 bps
EPS	\$0.47

- Delivered another solid quarter driven by balanced performance
  - Balance of ticket and transaction growth
  - Positive comps in 11 of 12 product categories
  - All 14 regions had positive comps
  - Pro Services business continued to perform well
- Balanced performance was a testament to enhanced Sales & Operations Planning process
  - Applied to stronger base from Value Improvement, Product Differentiation and Store Labor Investment
- Effectively controlled expenses
- Repurchased \$761 million of stock and paid \$191 million in dividends

# **Product Category Performance\***

#### Above Average

- Fashion Fixtures
- Flooring
- Kitchens & Appliances
- Paint
- Seasonal Living

#### Average

Lumber & Building Materials

#### Below Average

- Home Fashions, Storage & Cleaning
- Lawn & Garden
- Millwork
- Outdoor Power Equipment
- Rough Plumbing & Electrical
- Tools & Hardware

<sup>\*</sup>Q3 comp sales were +6.2%

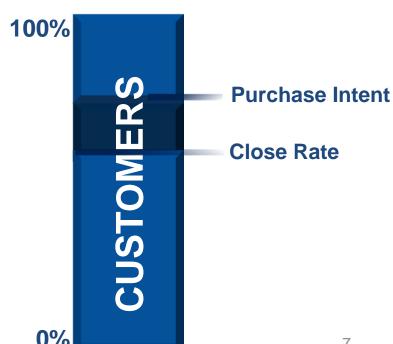

# Sales & Operations Planning

- Intent is to better understand and anchor around the consumer mindset season-to-season
- Process:
  - Starts earlier
  - Considers detailed input from all functions to determine resource allocation
  - Provides consistent message and experience across all selling channels
  - Determines:
    - Which projects we expect customers will complete
    - Key products needed
    - Which products will be promoted to drive traffic
    - Which products will be merchandised nearby as project completers
    - Amount and timing of inventory
    - Staffing and training needs for each store department
- Works in concert with Value Improvement, Product Differentiation and Store Labor Investment to improve the customer experience

# **Key Initiatives**

- There is a gap between the percentage of customers who know what they want to purchase when they visit our stores and our close rate
- The following initiatives are designed to address that gap:
  - Value Improvement
  - Store Labor Investment
  - Product Differentiation
- Close rate is targeted to improve ~100 bps in 2013

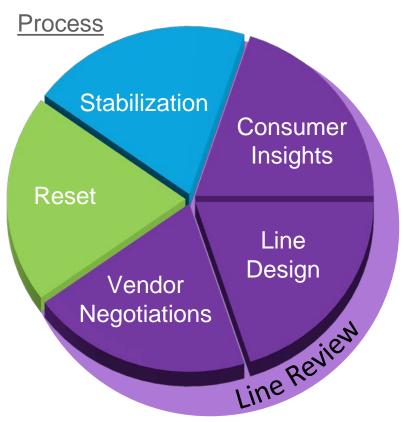

# Value Improvement

- Intent is to enhance line designs, making them:
  - More relevant to each of the markets we serve
  - Easier for consumers to shop
  - More efficient for our associates to maintain
- Reduce duplication of features and functions within price points
  - Address unique tastes through online endless aisle
- Reinvest inventory in key high velocity items customers expect us to have in stock, including job lot quantities needed to complete large projects
  - Increase in-stock service level targets across entire product lines
- Lower unit costs by reducing funds set aside by vendors for promotional and marketing support and by negotiating lower first costs

# Value Improvement

## **Progress**

- Completed resets representing ~80% of our business (versus ~70% in Q2)
- Approximately two-thirds of resets have reached stabilization phase (versus ~50% in Q2)
- Captured in improved comp performance, with ~100 bps improvement in gross margin rate for stabilized lines

## Store Labor Investment

- Close rate is significantly higher on weekends
- Weekday labor hours were disproportionately skewed towards tasking as we recovered from the weekend
- Intent is to improve close rate by increasing the proportion of selling hours ~200 bps during high traffic, weekday times
- Added an average of 150 hours per week to the staffing model for nearly twothirds of our stores

#### **Progress**

- Hours dedicated to interior sales floor supporting key fall projects identified within the Sales & Operations Planning process
- Continue to monitor performance and make adjustments as necessary

## **Product Differentiation**

- Intent is to drive excitement in our stores through better display techniques, which include our revised end cap strategy and revamped promotional spaces (drop zones)
- Our revised end cap strategy focuses on:
  - Highly innovative products
  - Significant values
  - Private and national brand showcases
- Our revamped promotional spaces promote seasonally relevant, high value items

#### **Progress**

- Reset over 1,400 stores to date
- End cap and promotional spaces continued to provide a sales lift in the third quarter

# **Orchard Supply Hardware**

- Acquired 72 stores on August 30, 2013, funded by operating cash flow
- Transaction provides:
  - Increased footprint in California
  - Neighborhood format complementary to our strengths in big-box retail
  - Loyal customer base
  - High-density, prime locations
  - Greater participation in California's economic recovery
- Orchard operates as a standalone business
- Orchard's stores average 36,000 square feet of selling space and offer a product selection focused on paint, repair and backyard categories. Orchard's stores have more transactions per square foot, but have fewer transactions per store and a lower average ticket than a traditional Lowe's store.

# Total Sales Summary \*

	Total	% change
Sales	\$13.0B	+7.3%
Customer Transactions	202.2M	+5.7%
Average Ticket	\$64.07	+1.5%

<sup>\*</sup> Orchard aided total sales by approximately 75 bps and added roughly 175 bps to total company transaction growth in the quarter, but negatively impacted total company average ticket growth by almost 100 basis points.

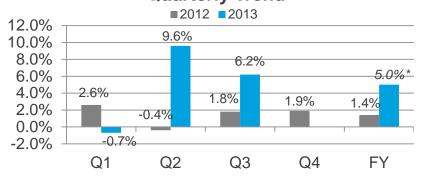

# Comparable Sales Summary

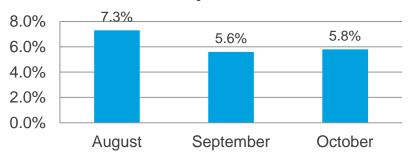

#### Transaction/Ticket

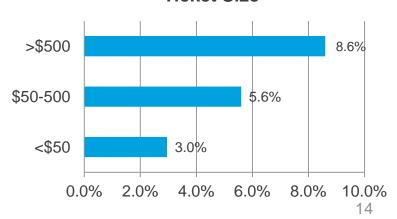

## **Quarterly Trend**

#### **Monthly Trend**

#### **Ticket Size**

# **Operating Margin Summary**

	% of Sales	Leverage/ (Deleverage)	Drivers
Gross Margin	34.58%	26 bps	<ul><li>(+) Value Improvement</li><li>(-) Proprietary Credit Value Proposition</li><li>(-) Appliance Promotions</li><li>(-) Product Mix</li></ul>
SG&A	24.56%	47 bps	<ul> <li>(+) Impairment and Discontinued Projects</li> <li>(+) Risk Insurance</li> <li>(+) Proprietary Credit Program</li> <li>(+) Contract Labor</li> <li>(-) Incentive Compensation</li> <li>(-) Store Payroll</li> <li>(-) Resets and Remerchandising</li> </ul>
Depreciation	2.88%	20 bps	(+) Higher Sales
EBIT Margin	7.14%	93 bps	15

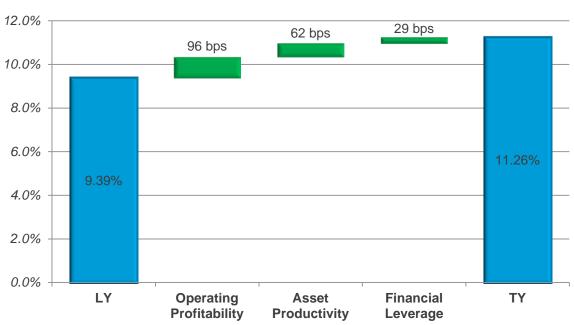

# **Balance Sheet Summary**

		YOY Change
Cash & Cash Equivalents	\$1.1B	+\$10M or +0.9%
Inventory	\$9.6B	+\$598M or +6.7 %
Inventory Turnover	3.71x	-4 bps
Return on Assets	6.72%	+98 bps
Accounts Payable	\$5.8B	+\$360M or +6.6%
Lease Adjusted Debt to EBITDAR	2.17x	

# Return on Invested Capital

#### **Growth Drivers**

# Statement of Cash Flows Summary

Operating Cash Flow	\$3.9B
Capital Expenditures	\$0.6B
Free Cash Flow	\$3.3B
Share Repurchases:	
YTD	\$2.8B
Authorization Remaining	~\$2.2B

# **Economic Landscape**

- Key indicators include real disposable personal income, employment, home prices, housing turnover and home ownership levels
- Despite the recent government shutdown and falloff in home affordability, the home improvement industry is poised for persisting growth in the fourth quarter and further acceleration in 2014
- Stronger job and income growth, improving household financial conditions and the lagging benefit of the recovery in home buying will be the key drivers of industry growth next year

## 2013 Business Outlook\*

(based on U.S. GAAP unless otherwise noted)

- Total sales are expected to increase approximately 6 percent
- Comparable sales are expected to increase approximately 5 percent
- The company expects to open 9 stores in fiscal year 2013
- Earnings before interest and taxes as a percentage of sales (operating margin) are expected to increase approximately 75 basis points
- The effective income tax rate is expected to be approximately 37.8%
- Diluted earnings per share of approximately \$2.15 are expected for the fiscal year ending January 31, 2014
- Cash flow from operations are expected to be approximately \$3.8B
- Capital expenditures are expected to be approximately \$900M
- The company expects to repurchase \$3.7B of stock

\* As of November 20, 2013

## 2013 Milestones

- Value Improvement
  - Substantially complete initial round of resets by year-end
  - This is the standard for line reviews going forward
- Store Labor Investment
  - Continue to monitor performance and make adjustments as necessary
- Product Differentiation
  - Actively managing end caps and drop zones is now standard practice
- Each of these initiatives will be rolled into the base business for 2014

# LOWE'S NEVERSTOP MPROVING

**Appendix** 

## Non-GAAP Measures

#### **EBIT Margin (Operating Margin)**

We define EBIT Margin as earnings before interest and taxes as a percentage of sales.

Lowe's believes that EBIT Margin is a useful measure to describe the Company's operating profit.

#### **EBITDAR**

We define EBITDAR as earnings before interest, taxes, depreciation, amortization, share-based payments and rent.

#### **Lease Adjusted Debt**

We define Lease Adjusted Debt as short-term debt, current maturities of long-term debt, long-term debt excluding current maturities, and eight times the last four quarters' rent. We believe eight times rent is a reasonable industry standard estimate of the economic value of our leased assets.

Lowe's believes the ratio of Lease Adjusted Debt to EBITDAR is a useful supplemental measure, as it provides an indication of the results generated by the Company in relation to its level of indebtedness by reflecting cash flow that could be used to repay debt.

23

## Non-GAAP Measures

#### **ROIC**

We define ROIC as trailing four quarters' Net Operating Profit after Tax (NOPAT) divided by the average of ending debt and equity for the last five quarters.

Lowe's believes ROIC is a useful measure of how effectively the Company uses capital to generate profits.

#### **Free Cash Flow**

We define Free Cash Flow as net cash provided by operating activities less capital expenditures.

Lowe's believes Free Cash Flow is a useful measure to describe the Company's financial performance and measures its ability to generate excess cash from its business operations.

	Four Quarters Ended		
EBIT and EBITDAR	November 1, 2013	November 2, 2012	
Net Earnings	2,269	1,993	
Taxes	1,360	1,175	
Interest (Note 1)	457	415	
EBIT	4,086	3,583	
Depreciation and Amortization (Note 2)	1,594	1,582	
Share-based Payments	94	103	
Rent	413	406	
EBITDAR	6,187	5,674	

Note 1: Interest includes amortization of original issue discount, deferred loan costs & other non-cash amortization charges

Note 2: Depreciation and amortization represents total Company depreciation, including Distribution Networks and Millworks, as well as amortization of certain trademarks and intangibles

	Period Ended
